**RIDE-IN™ SAFETY STATEMENT**

Guided and Self-Guided rides will cover a wide variety of riding conditions that may include twisty mountain roads, debris and hazards on the pavement, other motorists, bicyclists, pedestrians and animals. Elevations and weather conditions will change and temperatures can vary widely. If you choose to participate in these rides, you are doing so at your own discretion and knowingly accept these risks of personal injury and/or damage to yourself, your property, your passenger(s) or others. ALWAYS ride within your abilities and in a manner that is safe for all. Please do not drink & ride.

*Women On Wheels® Mission Statement:*
*To unite all women motorcycle enthusiasts for recreation, education, mutual support, recognition, and to promote a positive image of motorcycling*
President’s Welcome Message

32nd International Women On Wheels® Ride-In™

As President and Tennessee resident for the past 25 years, I and the 2018 Board of Trustees would like to welcome you to Johnson City, Tennessee for the International Women On Wheels® 32nd International Ride-In™.

We here in Tennessee are so spoiled at having these roads virtually in our back yards. We are so lucky to be staying at the Holiday Inn which is the starting point for all of the Southern Dozen. For those of you who are not used to the “twisties” or “twangles”, you will get plenty of experience here. From the Snake, to the Top of the Roan, to the Long Dam Ride you will have the opportunity to even out that tire wear!! Whatever your starting point to get to Johnson City, I am sure you have experienced beautiful roads and hopefully an uneventful journey.

Aside from the riding, there are many things to do and see in the area: Davy Crockett’s Birthplace, the Clinchfield Railroad Museum, the Doe River Covered Bridge, and the unique downtown area. In downtown you will find the old train station and a variety of wonderful restaurants. Just down the road about six miles is the quaint town of Jonesborough, the oldest town in Tennessee. Jonesborough is filled with quaint shops and is the storytelling capital of the world!! We have been lucky enough to get the Resident Storyteller from Jonesborough to speak during the event - don’t miss it!!

Stop by the Hospitality room and meet representatives from the Convention and Visitors Bureau who will be able to answer any questions you might have.

Remember this is the South, y’all and it’s July, and it’s HOT and very likely will rain. Please carry water with you when out riding. If you don’t have rain gear one of our vendors will be happy to sell you some. We will also have some outside vendors so remember to visit them!

Please remember to thank our Ride-In™ Committee: Laura Mitchell and yours truly, Co-Chairs; Carolee Langer, Pam Rusk, Lois Wyatt, Annette Stout, Carol Waters, Gwenn Gee and our local “feet on the ground” Mary Hurney. Also thanks to the members of the Atlanta Peach State Riders Chapter and Chattanooga’s Cool Lady Cruisers Chapter for their great assistance.

Whether you explore the area or just hang at the hotel or do a little of both, we sincerely hope you have a wonderful time in the Johnson City area and return often.

Time for knees in the wind!!

Joanne Peek
President - Women On Wheels® Board of Trustees
Welcome to Tennessee and the Best Three Days in July!

Hello everyone, and welcome to the 32nd Annual WOW Ride-In™! The Ride-In™ Committee has worked tirelessly all year to bring you another great WOW “Family Reunion”. You will see friends from previous Ride-Ins™ and make new ones this year. There are self-guided rides, speakers, seminars, demo rides, vendors and more to keep you entertained.

You will enjoy Linda LeDoux and her rock painting skills and Cathy Davies and her incredible around the globe journeys. Kathy Rea will conduct a Geocaching class, and Mark Kincart will help us choose the best motorcycle riding gear. Hawk Hageback is here to entertain us with tales of his years of experience on a motorcycle, both as a cop and as an avid motorcyclist. Dave Foster will offer a Motorcycle Mechanics class. The local Indian motorcycle dealer will also be there with demo rides, which you don’t want to miss out on. We’ll have a local storyteller here to pique our interest in the history of the area. And don’t forget to visit all the vendors in the 101 West Lounge also.

Our beautiful host state of Tennessee welcomes you to ride all the great roads in the area and see all that this area has to offer. We encourage you to pick up or download the Southern Dozen maps and directories for self-guided day rides, all conveniently beginning and ending at the Holiday Inn. There is something for everyone’s tastes, including country music, history, mountains, lakes, and everywhere that you look, twisty roads and beautiful scenery.

We have changed a few things up this year. The Banquet and Recognition Celebration will be on Wednesday night, so that those that need to get up early and leave early on Friday morning will not have to have such a late night on Thursday. Thursday night is now Game Night, a night for socializing and saying our good byes until next year. All the seminars will be held in the later afternoons, to allow time for riding all of these beautiful roads during the day.

We hope that you enjoy your stay in Johnson City, and have a great time on all the rides and at the events that the Ride-In™ Committee has planned for these three days in July!

Meet your Ride-In™ Seminar Leaders!

LINDA LEDOUX

“Become a Dotter like me!”
I am what you might consider a “novice everything” and an expert at none!

Leave it to a fellow La. Lady Cruiser to introduce me to Facebook #MR Motorcycle Rocks. This group is a place you can post pictures of your rock finds and hides for motorcycle enthusiast. It is meant to bring joy and spread kindness to someone that finds it.

Over the years I have dabbled in any type of craft that struck my fancy, i.e., tole painting, macrame’, crocheting, stained glass, needlepoint, quilting, and the list goes on and on.

Since I’m not an artist and I failed miserably at tole painting, I had to find something that I could paint on a rock and be brave enough to let the public see. All I can say is “Thank you for Pinterest and YouTube”, for the beautiful mandala rocks painted by dipping a dowel stick in acrylic craft paint to make a simple dot, even I can make a dot. Who would have thought that my love of motorcycle travels would team up with a saddle bag full of rocks! Please join me in becoming a Dotter to spread joy and kindness with our rocks wherever we travel.
Dave Foster  
WOW Support Member and ASE Master Mechanic, Dave has 45+ years of experience in auto and motorcycle repair. He has ridden a variety of motorcycles over the years. In his free time, he is a Fireworks Operator developing and shooting shows in Missouri, Kansas and in Bimini, Bahamas. He will be teaching a class on **basic motorcycle maintenance**, do a little ‘wrenching’, and sharing a few funny adventure stories while he is at it. If you enjoy Learning and Laughing at this same time – this is your class!

Hawk Hagebak

Hawk Hagebak is a YOUNG retired motorcycle officer from Metro Atlanta. As a lifelong motorcyclist, he’s logged saddle time in all of the lower 48 states and Hawaii. He’s the author of the popular series of motorcycle guidebooks, *Motorcycle Adventures in the Southern Appalachians*, a MSF RiderCoach, one of those crazy Iron Butt Riders, a former Police Motorcycle Instructor, a father of four daughters (which sort of explains his desire to ride long distances......alone), and he’s one heck of a funny guy. You can follow Hawk online at [www.motohawk.com](http://www.motohawk.com)
Linda Poland

Linda Poland, was honored in 1997 with the title of Jonesborough's Resident Storyteller, she is also a founding member of the Jonesborough Storyteller's Guild. Linda believes you can empower your family and community by helping them learn the importance of their stories. Her repertoire includes a multitude of stories collected over the years while traveling, teaching and telling. Ireland and more recently Israel have been two of her favorite places to share her stories. Even her name has a story.

Mark Kincart

Many of us that have been to a WOW Ride-In™ have met Mark Kincart and his wife Rose. Mark is an avid motorcycle rider and has logged over 450,000 on many styles and brands of bikes. He is very knowledgeable about the right gear for all types and sizes of riders. He will be speaking at our event about the different types of helmets and gear that would work best for your riding adventures. He is our resident KLIM rep and will have a vendor booth at the event with a great variety of KLIM Technical Riding Gear.
Cathy Davies

A 31-year WOW member, and her husband, Larry Johnson, rode their motorcycles Around the World: 8 months, 35K miles, 31 countries. The trip of a lifetime. A rider since she was 12, Cathy blossomed after meeting the Women On Wheels®. Before then, she claims that she would never ride if there was any chance of rain.

Cathy started riding a Cushman step through scooter. got her MC license at 16, the 1st day the roads were clean & dry enough after a Minnesota winter to administer the road test. Cathy has organized or coordinated rides for WOW members to Alaska, Mexico, New Zealand, Spain, Italy, France & Germany. Cathy has owned many brands of motorcycles. Her current rides are a 2001 Honda Gold Wing GL1800 and a 2012 BMW F650GS Dual Sport. She has ridden over 300K miles in over 50 countries and all 50 United States. Cathy says she owes most of her riding adventures to becoming involved with Women On Wheels®.

Hear her tales of adventure, adversity and accomplishment while viewing pictures from some of the more incredible riding locations in our world.
Kathy Rea

“Travel Bugs? Do they bite? Geo-what?” – Geocaching Seminar. Learn how to find and place geocaches and move travel bugs, whose real-world adventures can be tracked at geocaching.com. Kathy, an avid cacher, teacher and trike rider, has found caches in over 32 different states. She has also placed caches, (making her a cache owner, or CO) and her travel bugs have roamed the United States and Europe. Come learn how technology and even satellites orbiting in space can add some fun to your next riding adventure!
**The WOW Song**

by Dorothy Davies

Women On Wheels®
Take to the highways, seek out the byways
Ride with the wind, ride with the wind
Dressed in your leathers and tasting adventure
Meeting the challenge of what lies ahead,
What lies ahead.

Your senses responding to all that surrounds you
With freedom to be who you are
You answer the call of each distant horizon
To faithfully follow your own special star.

Women On Wheels®
You’ve driven some distance
You and your friends need to rest for awhile,
Rest for awhile
Cold rain and hot wind, and pot-holes and gravel
You’ve handled them all with your own riding style.

Whatever may draw you to wide open spaces
To Ride-Ins™ and valleys and hills
Your bike as companion will carry you smoothly
Unless you are stopped by the bumps and the spills!

Women On Wheels®
Sisters in spirit friendships are born
That can last your life long, last your life long

Women On Wheels®
Others support you
Fun-loving bikers form bonds that are strong.

There’s nothing quite like it
Once you’ve learned to ‘bike it’
And when your adventure is through
At the end of each ride, there’s a sadness inside
Cause waving good-bye is not easy to do.

Women On Wheels®
Take to the highways, seek out the byways
Ride with the wind, ride with the wind.

The view from your bike brings a joy that will last
How deep is the snow in the next mountain pass?
Will I make it to town on my last drop of gas?
You’ve been through it all…you know how it feels

<td><strong>Top of the Roan</strong></td>
<td>107 Miles</td>
<td>This ride takes you through historic Elizabethton, to the top of Roan Mountain – home of East Tennessee’s grandest scenery. Roan Mountain is also home to the world’s largest natural stand of Catawba Rhododendron. It is the perfect place to feel the cleansing, cool breeze, smell the fragrant wildflowers, and let your mind wander back to simpler life. <em>(This route contains many curves and tight turns.)</em></td>

"So, you want to know about the frogs, huh?" It's simple, really. If you were "frogged", it means that someone out there thinks a lot of you and wants you to know!!

The tradition of "frogging" someone was born at the 1994 Ride-In in Eureka Springs, Arkansas. Several WOW support members decided to do the 'guy thing' with a ride to Toadsuck, Arkansas - just so they could say, "been there, done that." They searched for souvenirs to prove their visit to Toadsuck.

Not one to be outdone, one ingenious member returned to Eureka Springs with a toad, which he somehow managed to put in a hotel bathtub. From there the little fellow made the rounds of several hotel bathtubs, although it was never discovered just how they were able to get into the rooms! The next day, a fake hotel toad appeared in a bathtub. (Still a mystery how they were getting into locked rooms.)

Eureka Springs hosts a specialty shop catering to frog lovers, and given that frogs, stuffed or otherwise, were easier to come by than toads, the tradition of "frogging" was born. For a while, frogs appeared at the most unlikely times and in the most unlikely places for most every WOW member in the State of Wisconsin. Of course, the ladies couldn't be outdone, so they 'frogged' the guys in return. It was rumored that Wisconsin's support members appointed a frog "procurement officer" who scoured garage sales for furry friends. This guy took his job seriously, and the frogs multiplied like, like, well - like tadpoles.

As time passed WOW friends from other states have found frogs on their bikes, in their tents, peering out of their luggage - anywhere and everywhere! It's taken on a life of its own these days, but basically, being "frogged" is a lot like getting a hug from a friend. It's become a WOW tradition.
Places to See and Visit While In Tennessee

Andrew Jackson Home National Historic Site - 121 Monument Ave., Greeneville, TN. Trace the life of Andrew Johnson, an industrious tailor who became the 17th president of the United States. The site includes a tailor shop, Johnson's home and a museum and is a stopping point on the Southern Dozen Route: Places of the Past. No site fees.

Davey Crockett Birthplace State Park - 1245 Davy Crockett Park Road Limestone, TN. David Crockett Birthplace State Park commemorates the birthplace of this famous Tennessean. In 1817, he moved to Lawrence County. While serving in Congress, he fought for his people’s right to keep land they had settled on in the new frontier of West Tennessee. Crockett died at the Alamo Mission in March of 1836 while aiding the Texans in their fight for independence from Mexico. The Park is a stopping point on the Southern Dozen Route: Places of the Past. No site fees.

Birthplace of Country Music - 520 Birthplace of Country Music Way, Bristol, VA. The Birthplace of Country Music Museum, an affiliate of the Smithsonian Institution, tells the story of the 1927 Bristol Sessions recordings, explores how evolving sound technology shaped their success, and highlights how this rich musical heritage lives on in today’s music. The Park is a stopping point on the Southern Music To Your Ears Route: Places of the Past. See page 12 regarding special discounts offered to WOW.

Jonesborough International Story Telling Center (ISC) - 100 W. Main Street, Jonesborough, TN. Prior to attending Linda Poland's seminar on Storytelling, visit the ISC and Jonesborough, the oldest town in TN, where the storytelling revival began and where thousands of visitors return each year to share in the time-honored tradition. The cornerstone of the International Storytelling Center is a belief in a single, immutable principle of life—storytelling. People crave, remember, and honor stories. The
